Public Workshop Notice: Avoided Cost Workshop – Implementation of E3 Methodology

<p>April 18, 2005 10 am – 5 pm</p>	<p>Hiram Johnson State Building 455 Golden Gate Avenue, Benicia Room San Francisco</p>
--	--

Parties in the Avoided Cost rulemaking (R04-04-025) will meet to discuss implementation steps associated with utility application of the E3 avoided cost methodology approved in D05-04-024. Utilities are preparing to file their proposed Energy Efficiency (EE) program budgets for the 2006-2008 program cycle on June 1, 2005. These EE filings will contain Standard Practice Manual (SPM) cost-effectiveness calculations (tests) using avoided cost values from the E3 avoided cost methodology. E3 has constructed a new and separate Customer Energy Efficiency (CEE) calculator that takes output from the E3 avoided cost models and calculates two cost-effectiveness tests set forth in the Standard Practice Manual (SPM): the Total Resource Cost (TRC) test and Program Administrator Cost (PAC) test. Parties should take time to preview the CEE Calculator at www.ethree.com/cpuc_avoidedcosts.html.

The workshop will also address: (1) the instances in which it is appropriate to use hourly data or time-of-use data to evaluate certain EE measures; (2) the role of the Database for Energy Efficient Resources (DEER) data base; and (3) the Energy Efficiency Programs Reporting Requirements Manual. However, the focus of the workshop will be primarily on issues necessary for the utilities to meet their upcoming June 1, 2005 filing deadlines.

A detailed agenda will be circulated to the service list in advance of the workshop.

Contact: Wade McCartney at (916) 324-9010 or wsm@cpuc.ca.gov with any questions.

**NOTICE OF DRAFT RESOLUTIONS
(Pursuant to PU Code § 311(g))**

NOTICE OF RESOLUTION TO DISCLOSE INVESTIGATIVE REPORT

Draft Resolution Authorizing Disclosure of Commission Consumer Services Division (Utilities Safety Branch) Investigation Records pursuant to: (1) General Order 66-C Requests by the law firm of Thon, Beck & Vanni, representing the injured party, Daniel Evard, and by the law firm of Haight, Brown & Bonesteel; and (2) a Deposition Subpoena served by Southern California Edison Company's attorneys at the Law Offices of Don H. Zell. These record requests seek disclosure of Commission staff investigative records relating to an accident that occurred on January 27, 2004. Daniel Evard was injured after he contacted an overhead electrical wire maintained by Southern California Edison Company with an aluminum pole while rotating a vinyl poster sign on a billboard located below the wire. (Incident No. E20040127-01.)

A draft resolution (L-316) by the Legal Division authorizing disclosure of the Utilities Safety Branch's investigative report concerning Incident No. E20040127-01 is scheduled for consideration on the May 5, 2005 Commission meeting agenda. The Commission may vote on this resolution at that time, or it may postpone a vote. The Commission may adopt all or part of L-316, amend or modify it, or set it aside and prepare a different resolution.

On April 4, 2005, the draft resolution was circulated to the requesting parties including the subject utility, Southern California Edison Company, pursuant to Public Utilities Code Section 311(g) and Rules 77.7 and 81 of the Commission's Rules of Practice and Procedure. Interested parties may review the draft resolution and service list at the "Currently Open for Comment" section of the Commission's Internet site at cpuc.ca.gov.

The Commission will consider the draft resolution at its May 5, 2005 meeting. Interested parties may file comments on the draft resolution, and may file replies to comments. An original and two copies of comments must be filed with the Legal Division by April 21, 2005, at the address set forth below. Reply comments must be filed by April 27, 2005. Parties making comments must also serve comments, and reply comments, on the service list, and send copies of comments and reply comments by electronic mail to the email address below. Comments shall focus on factual, legal or technical error in the draft resolution, and reply comments shall be limited to identifying misrepresentations of law and fact contained in the comments of other parties. (Rule 77.7.) Parties may view comments at the Commission's San Francisco Office.

4/15/2005 **I.03-09-030** Investigation On The Commission's Own Motion Into The Santa Clara Valley Transportation Authority's Refusal To File An Application For The Widening Of I-880 Over The Authority's Light Rail Line At North First Street In The City Of San Jose, California, As Required By California Public Utilities Code Sections 1201 *et. seq.* and 99152, And Order To Show Cause Why The Authority Should Not Be Ordered To File An Application For Commission Approval; **Presiding Officer's Decision.**

Pursuant to Pub. Util. Code § 99152 and General Order (GO) 143-B, the Commission orders Santa Clara Valley Transportation Authority (VTA) to file an application for safety review of future construction and modifications of its light rail transit (LRT) system where requested to do so by Commission Staff . The Commission rejects VTA's contention that under its enabling act and a relatively recent Commission decision in a complaint proceeding, VTA has the threshold authority to determine whether any new construction or modifications of its LRT system, including crossings, sufficiently impacts safety as to justify an application to the Commission under § 99152. While VTA is free to "construct, own operate, control, or use rights-of-way, rail lines, bus lines, stations," etc. (§ 100161(a)), it does so subject to the Commission's statutory safety oversight, and the Commission cannot delegate its authority in this matter.
